

CUSTOMER'S OWN MATERIAL (COM/COL)

This form is required for EACH material when ordering furniture in COM.

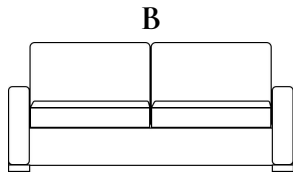

The purpose of this form is to identify material received by Black Label Home, so we may correlate it with your order, and also to instruct our craftsmen how it is to be applied. **Please do not leave information blank.** If this form is incomplete or not received within 15 days of receipt of COM, Black Label Home will proceed using our best judgment. We reserve the right to determine the face side and direction. While Black Label Home inspects all material, we cannot assume responsibility for the wrong fabric sent, defects, imprecise colors or any other flaws. We encourage you to thoroughly inspect all fabrics before shipping them to us for production.
